

Raised Bed Supply List

Take this checklist with you to the store to gather all the essentials for your DIY raised bed.

✓ What You Need to Build a Raised Garden Bed

- Four untreated pine boards (1"x6"x8') — cut to size
- Wood screws or galvanized corner brackets
- Drill or screwdriver
- Measuring tape
- Work gloves
- Cardboard or landscape fabric (for the base)
- Garden soil mix (approx. 4–6 cubic feet)
- Optional: exterior wood stain or natural sealant for longevity

Money-Saving Tip:

Check local lumberyards or hardware stores for scrap wood or discounts on slightly damaged boards — they often work perfectly for garden beds at a fraction of the price!
